## PROGRAM NOTES

### Tutoring

If your student is participating in tutoring, remember that tutoring comes first.

### Enrollment

- Enrollment for all students **begins Monday, January 5, 2015.**
- Enrollment for all students **ends Friday, January 23, 2015.**
- Classes are filled on a first come, first served basis.
- **Bring your registration with payment to the Enrichment Box located in the Fairmount Park Elementary office.**
- You will receive confirmation—letter or email—that your child is enrolled in a class. **Please do not send your child to class without written confirmation of his/her enrollment.**
- If a class does not enroll sufficiently, it may be cancelled. You will be notified and your fees refunded.
- Volunteers: One volunteer is helpful for each class. Volunteers will help with signing students in and out of class, as well as helping instructors.
- **Correspondence regarding any/all matters for the enrichment class should be directly with the enrichment teacher.**
- **Parents are responsible to add to their calendar the start and end of each enrichment class their student is registered.**

*Please note, for classes that fill up, we will form a wait list of students that do not get in. The students on the wait list will have priority enrollment if they sign up for the same class the following session. In addition, classes that have running wait lists will prioritize students who have not participated in the class before returning students can re-enroll.*

### Calendar

Classes run Monday, January 26 through March 25, 2015. (For exceptions, see individual class listings). Please note some classes may run longer due to breaks and early dismissal days. You will receive specific class dates with your confirmation.

- **No morning or afternoon classes are held on the following days:**  
Monday January 19 (Martin Luther King, Jr. Day)  
Friday January 30 (Day Between Semesters)  
Monday February 16 (Presidents' Day)  
Tuesday February 17 (Mid Winter Break)
- **No afternoon classes are held on the following days:**  
Wednesday January 14 and March 25 (Early dismissal for Professional Development).

### Snack and Clothing

- Each child should bring a small, easy to eat snack on class days.
- Please send your children with clothing appropriate for their classes. Athletic and dance classes require loose-fitting clothes and closed-toe rubber-soled shoes. Art can be messy! Please bring an old shirt or a smock.

### Drop Off and Pick Up

- **Morning Enrichment classes parents need to be with their student until the enrichment teacher has signed them into the class.**
- After school students are expected to transfer independently to an Enrichment class. Teachers are given a class list at the beginning of each session, but they are not responsible for delivering students to their enrichment classes. If you think this may be a challenge for your child, please contact the coordinator and we will try to arrange a "student buddy" to assist your child.
- Parents are responsible for collecting their children promptly from afternoon classes.
- There will be no supervision for children after their class ends.
- If prompt pick up becomes an issue, your student may be removed from the class without refund for remaining classes.
- Please make arrangements for pickup prior to enrolling your child in an after-school class.
- No bus transportation can be offered for Enrichment Program classes occurring before and after school.

### Behavior

At Fairmount Park Elementary, we have the expectation of respect for teachers/instructors and good behavior during classes. Students are expected to maintain the same behavioral standards that they have during the formal school day. If an instructor identifies a behavior issue, the following steps will be taken:

- At the first incident, the instructor will contact parents/ guardians regarding student behavior.
- The student will be given one trial class to improve.
- If the disruptive behavior continues, the instructor reserves the right to remove the student from the class without refund for remaining classes. Please discuss enrollment with your child to be sure they want to attend an after-school class.

### Financial Aid

Our intent is that all students have the ability to participate in our Enrichment Program. **Students who are eligible for the Free and Reduced Lunch program may enroll in an Enrichment class for \$10. We are limited to only one class request per qualifying student per quarter.** The ability to grant aid is based on the amount of money voluntarily donated to the program and by the generosity of our vendors and instructors who offer scholarship positions in their classes. We reserve the right to grant or deny all requests for financial aid.

### Class Fee

Class fees are set by our vendors and this program does not generate any profits. Class registrations managed by the Fairmount Park Elementary Enrichment Program include a non-refundable \$10 fee for administrative and financial aid costs.

### Questions?

## PMFCZ

### Fashion Construction Zone

Grades 1-5  
Friday  
3:00p-4:30p  
\$175.00  
(Includes \$30 Supply fee)  
Minimum  
5 students  
Maximum  
15 students

Get ready to explore the exciting world of Fashion with design instructor Miss Reese! Designers will have the freedom to express their own unique style by creating one-of-a-kind garments from existing items of clothing. This 7-session course culminates in a student runway show presentation on the final day. Designers will also keep an inspirational design journal, learn hand and machine sewing basics, and participate in a variety of group and individual design projects.

Instructor: **Miss Maresa Reese** is the Owner and Designer of the Independent Clothing Label **Tib Nelson Designs**. Following graduation from the Fashion Institute of Design and Merchandising in Los Angeles, California. Maresa has explored many areas of the Fashion industry. Some experiences includes: Costume building for Conan O'Brien at Warner Brother's Studios; working for a Private label designing juniors clothing line for clients including: Macy's, Target, Wetseal, Tilly's, Kohl's, and Delia's; custom garment and costume creation for private clients.

Friday Class Dates: 2/6, 2/13, 2/20, 2/27, 3/6, 3/20, 3/27 (7 classes)

### Knitting

Grades 4-5  
Tuesday  
3:00p-4:00p  
\$50.00  
(Includes knitting needles and worsted yarn)  
Minimum  
3 students  
Maximum  
6 students

Have you watched someone knit and wished you knew how? This is your opportunity. In this class you will learn the basics of knitting. By the end of the class you will be familiar with Cast Ons, Knitting, Purling and Binding Off. This class is designed to teach the basic skills of knitting. Bring a lot of patience and passion to learn. Mid session the student is encouraged to purchase the yarn of their choice to start their first knitting project.

Instructors: **Jasmine Aryana** is a Fairmount Park Elementary parent, she picked up her knitting needles twenty years ago and it has been hard to set them down. She enjoys knitting and has a number of knitting projects under her belt.

**Destiny Itano** is a Fairmount Park Elementary parent, she took up knitting seriously about ten years ago. In addition to self-teaching, she has taken classes in design, color theory, and skill development. She loves that knitting is both productive and relaxing at once. She regularly make everything from socks, hats, and scarves, to sweaters...even toys!

Tuesday Class Dates: 1/27, 2/3, 2/10, 2/24, 3/3, 3/10, 3/17, 3/24 (8 classes)  
No class 2/17 (Mid Winter Break)

### Junior FIRST Lego League (Jr. FLL)

Grade K-2  
Tuesday  
3:00p-4:00p  
\$90.00  
(Includes materials)  
Minimum  
2 students  
Maximum  
12 students

Focused on building an interest in science and engineering in children ages 6-9, Junior FIRST® LEGO® League (Jr.FLL®) is a hands-on program designed to capture young children's curiosity and direct it toward discovering how science and technology impact the world around them. This program features a real-world challenge, to be explored through research, critical thinking and imagination. Guided by adult coaches and the Jr.FLL Core Values, team members work with LEGO elements and motorized parts to build ideas and concepts and present them for review.

Each yearly Challenge is based on a different theme and has two main parts, the LEGO Model and the Show Me Poster.

This year's Challenge is "Think Tank", exploring learning, often from unexpected sources. Fall teams explored learning from Volcanoes, Vehicles, Robots, and even Zombies!

Instructors: **Brian Palmer** lives 4 blocks from Fairmount Park, and is a FPE parent. He is a software engineer and spends his days re-writing Ticketmaster from the ground up. His favorite Lego Movie characters are Lego Batman and Benny (1980s space guy).

**Marlin Lenssen** is a Fairmount Park Elementary grandparent and a retired civil engineer, who worked for the Washington State Department of Transportation for 42 years administering contracts for roads, bridges, and tunnels.

**Chad Caron** is a Fairmount Park Elementary parent and a Naval Architect. He has had the opportunity to coach this class in the fall session.

Tuesday Class Dates: 1/27, 2/3, 2/10, 2/24, 3/3, 3/10, 3/17, 3/24 (8 classes)  
No class 2/17 (Mid Winter Break)

Friday  
3:00p-4:00p  
\$90.00  
(Includes materials)  
Minimum  
2 students  
Maximum  
10 students

Let your young scientists and engineers loose to solve the problems of human space exploration. Students will use the Lego Mindstorms system to create their own solutions to a number of real world problems. They will work together to identify problems and then design, construct, and program robots to complete mission objectives.

Instructors: **Neil Bauersfeld** is a Fairmount Park parent and West Seattle resident. He spends his days writing software at Amnis Corp.

**Brent Christian** makes his living as a software engineer. His two daughters are students at Fairmount Park Elementary.

Friday Class Dates: 2/6, 2/13, 2/20, 2/27, 3/6, 3/13, 3/20, 3/27 (8 classes)

\$95.00  
(Includes materials)  
Maximum  
25 students

Chess Club is open to girls and boys from 1-5. Beginner, intermediate, and advanced players are welcome to sign up! Coach Jeremy focuses on learning, working hard, accepting challenges, and using good sportsmanship. The chess club will be attending Saturday tournaments throughout the year. The Washington State Elementary Chess Tournament will be held in Spokane this year, and Fairmount Park will definitely be among the 1,000 kids who will be attending the day long event!

**Please note, Chess Club is one session. Beginning January 8<sup>th</sup> Ending April 9<sup>th</sup>.**

Instructor: **Jeremy Higgins** has been teaching kids and adults in Seattle for 25 years. He obtained a Masters in Teaching from Seattle University, and a Bachelors in English from the UW. For the past fifteen years, he has been a stay at home Dad while working part time in informal education. Jeremy spent ten years as a science demonstrator and planetarium teacher at the Pacific Science Center. In addition to running the Highpoint Library Drop in Chess program as a volunteer, he has been a chess coach at Lafayette Elementary and Schmitz Park Elementary for the past few years.

**PMENC****Engineering Challenge**

Grades 1-5  
Friday  
3:00p-4:00p  
\$100.00  
(Includes materials)  
Minimum  
5 students  
Maximum  
20 students

Have you ever wondered about all the modern marvels that we see around us and take for granted? Would you like a better understanding of how they work - be structures such as towers, bridges, or buildings or machines that transport us here on earth or those that take us into space. Students will collaborate or work individually to design creative and original solutions to a series of engineering challenges by building models using easily accessible everyday materials. Some of the proposed challenges will have the students create and build designs that are physical and hands-on. Others will involve designing products with 3D software with the opportunity to send the designs out for 3D printing, and each student will get to keep their printed object. Based on interest, field trips to engineering labs may be planned, kindly indicate your child's interest to participate in such trips directly to the instructors. Some of the content taught in these sessions can be advanced and academically challenging for 1st Graders. Kindly reach out to the instructors ([falconeers@outlook.com](mailto:falconeers@outlook.com)) to confirm if your child is a fit for this class.

Instructors: **Firdaus Aryana** is a Fairmount Park Elementary parent and an engineer in the Telecommunication/Public Safety space.

**Mike Ronda** is a Fairmount Park Elementary parent and a Civil Engineer and Construction Project Manager with the City of Tukwila.

Note: Photos of the constructed models and the designers shall be taken from time to time during the model building and computer lab instruction, to be posted in the model display/shared with parents. Kindly indicate in writing if you do not wish your student's photograph to be taken.

Friday Class Dates: 2/6, 2/13, 2/20, 2/27, 3/6, 3/13, 3/20, 3/27 (8 classes)  
No class 1/30 (Day Between Semesters)

**PMPW1****Play-Well, Pre-Engineering using LEGO® (Grades K-1)**

Grades K-1  
Thursday  
3:00p-4:00p  
\$138.00  
(Includes materials)  
Minimum  
11 students  
Maximum  
18 students

Let your imagination run wild with tens of thousands of LEGO®! Build engineer-designed projects such as boats, bridges, mazes and motorized cars, and use special pieces to create your own unique design! Explore the endless creative possibilities of the LEGO® building system with the guidance of an experienced Play-Well instructor. This is an ideal way to prepare young builders for the challenge of Engineering FUNdamentals.

Instructor: **Play-Well TEKologies** ([playwelltek.wordpress.com](http://playwelltek.wordpress.com))

**PMSC1****Creative Computing with Scratch – Beginner**

Grades 4-5  
Tuesday  
3:00p-4:20p  
\$195.00  
Maximum  
24 students

Would you like to design your own computer game? How about a computer program that makes a cat dance or explore a maze or sing your favorite song? If yes, then join us in **Creative Computing with Scratch!** We will introduce you to the exciting world of computer science. You will learn fundamental programming concepts such as variables, loops, conditional statements, and event handling. You will learn to create animations, make and import objects, create audio recordings, and use them to develop interactive programs. You will learn this and more using **Scratch**, an interactive programming language developed at the Massachusetts Institute of Technology. As you teach a mischievous cat to dance, explore a maze, or build games, you will learn how to think creatively with math and computer code. In the course you will be able to use your newly acquired skills to design and develop your own game ideas and share it with your classmates, friends, and family.

Instructors: **Ritu Bahl** has over 20 years of experience in the Information Technology industry. She has worked in various technical leadership positions in Harris Semiconductors, Hewett Packard, Microsoft, and Amazon. She holds BS and MS degrees in Electrical and Computer Engineering and a MBA from the University of Washington.

**Nina Smith-Gardiner** is an architect with over 20 years of experience in the field. She has a BA from Princeton University, a Master in Fine Arts from Hunter College (CUNY), and a Masters in Architecture from SCI-Arc, the Southern California Institute of Architecture.

Ritu and Nina share a passion for inspiring young people to get hooked on computer science by showing them how computers can be fun, can open doors to some amazing careers, and most importantly, can be used to solve big societal problems.

Tuesday Class Dates: 1/27, 2/3, 2/10, 2/24, 3/3, 3/10, 3/17, 3/24 (8 classes)

During class participants will learn the foundational movements of boying/girling. Such movements include toprock, footwork, freezes and introduction to power moves. A brief history will be given explaining how this street dance, originating in New York City in the early 70's, has grown and expanded around the world. Through gaining an understanding of musicality and body awareness, they will explore how to combine the fundamental elements into their own freestyle dance.

We will use various exercises to build on existing basic elements of movement. Routines will also be taught to help them remember what they have learned; Participants will use their own creativity and develop confidence in self-expression

Instructor: **Anna Nagy** is a member of Funky Dynamics, 1 in A Million and Fraggie Rock Crew involved in breakdancing and hip hop dance styles for over ten years and has been teaching for the past five. Anna has done hundreds performances in the Northwest and throughout the country. She also has competed in national and international battles. Some of her most recent accomplishments are 1st place victories in solo B-girl battles including: Smoked in Ohio 2008, BboyHodown 2008, Outbreak Canada 2010, Illin Empire LA2012.

This Spanish class will expose your child to the Spanish language and culture in a fun, engaging environment through the use of songs, games, age appropriate books and activities. The goal of this class is to foster a love for (or at least a comfort with) the language through the use of enjoyable activities to hear and use the Spanish language.

Instructor: **Karrie Reimer** is a Fairmount Park Elementary parent and former High School Spanish teacher. Karrie graduated from Western Washington University with a degree in Communications and Journalism. Shortly after graduating, she began working for a world-relief organization with her job being to work primarily with the impoverished population living along the Mexican/California border. It was during this time that she fell in love with the Spanish language and Mexican culture. After five years, she decided to return to school to become a teacher. Upon graduating from Seattle University with a Masters in Teaching, Karrie began her teaching career at Shorecrest High School in the Shoreline district and taught Spanish and ELL (English Language Learners) for eight years. She stopped teaching when she had her first child. She has a 7 year old daughter who is in the 2nd grade at Fairmount Park Elementary and a 4 year old son.

Mythic Monsters and Magical Creatures: What is a monster? What makes something monstrous? Why do heroes and heroines need monsters to fight? In this eight week class we'll be looking at monsters from different mythologies worldwide. Sometimes the monsters are the heroes of the stories, sometimes they're the villains. We'll try it on both ways in class, and see what it feels like to both battle and be a monster.

Instructor: **Elizabeth Burr-Brandstadt** grew up in New Jersey just outside of Philadelphia, and went to school at Mount Holyoke College in Massachusetts. After college she returned to New Jersey and taught high school English and journalism for 15 years. She completed training with the International Baccalaureate Program, and worked on several interdisciplinary teams, as well as in enrichment programs for both gifted and at-risk teens. In 2005, she moved to California and earned her PhD in Mythological Studies with a focus in Depth Psychology from Pacifica Graduate Institute, and specializes in technology, mythology, and language, and she writes online at Thresholds of Culture. She currently resides in the Seattle area with her husband, Robert, and her dog, Burleigh MacBean.

TGA Premier Junior Golf brings the golf course to your school! Our national, award winning, 5 level program is specially designed for children and builds upon the educational concepts they are learning in the classroom. Fun comes first in every TGA class, but our curriculum also focuses on instilling self-confidence and life values through professional golf instruction. Students learn the fundamentals, etiquette and rules of the game. Best of all, we provide all the equipment and training materials so children of all skill levels have the chance to come out and tee it up with TGA!

Instructor: **Brad Kirkpatrick**, TGA Premier Junior Golf ([www.playtga.com](http://www.playtga.com))

## AMAIK

### Aikido

Grades K-5  
Wednesday  
7:30a-8:25a  
\$90.00  
Minimum  
5 students  
Maximum  
15 students

In this 8 week Aikido Class, we will be going over the basics of Aikido - a Non Violent Martial Art. With Aikido we teach the concept of a win/win situation, rather than the competitive idea of win/lose. In Aikido both partners are learning to be safe. The techniques are designed to control your opponent not hurt them back. We practice falling and rolling skills - which I found helpful on the playground (having been a playground Monitor at several schools in Seattle). We teach techniques and kids play various Aikido (noncompetitive) games, which hone rolling and coordination skills - in a fun way.

Loose comfortable clothes. NO Short, Skirts and Dresses please

Instructor: **Pam Cooper**, Owner and Head Instructor at Aikido of West Seattle (started in 1988) Pam started her training 39 years ago in 1975 in Santa Cruz. Ms Cooper has also taught a variety of classes at West Seattle Montessori, Community Centers and Colleges in the Seattle Area - classes ranging from Senior Aikido Classes to toddlers with their parents, (Junior High and Senior High) Teacher's Aikido based Self Defense. She has also worked as a playground monitor for, Beacon Elementary, Schmitz Park Elementary, and teacher's assistant at West Seattle Montessori. Ms Cooper has worked with people of all ages, abilities and some disabilities. She feels there is no limit to someones ability to train in Aikido, only ones own willingness to trust they can.

Grades K-5  
Thursday  
3:00p-4:00p  
\$130.00  
Minimum  
5 students  
Maximum  
20 students

TGA Premier Youth Tennis is bringing the tennis court to Fairmount Park Elementary! TGA, in national partnership with the United States Tennis Association, co-designed a tennis enrichment program that focuses on athletic, academic and character development for children. The TGA curriculum uses tennis equipment that is modified to be size appropriate and safe, so we can turn the school gym into a tennis court.

In addition to professional tennis instruction, your child will take part in a combination of physical fitness for health benefits and academics such as math, science, language and social studies for educational development. Every class focuses on social interaction, developing positive character traits and most importantly having fun! TGA's mission is to empower our students with the tools to be successful on the tennis court and in life.

\$115.00 for 6  
sessions  
Minimum  
5 students  
Maximum  
12 students

Welcome to Indoor Soccer Mornings! Advanced Indoor Soccer is for players in 4th to 5th grade; we can take 2nd & 3rd graders who are advanced in soccer. During the winter session we will continue to focus on our touches with the ball including dribbling, learning more moves, and passing. With this older group, we will continue to work on 1v1's and combination plays. We will do this mainly through activities and games with small sided play. We will always end with small sided games. This is a program to elevate one's ball skills, have fun and enjoy soccer – the most important piece!

Kids need to have shin guards and stretchy clothing, preferable shorts, sweats, or stretch pants. Feel free to email with questions, [aprilbottman@yahoo.com](mailto:aprilbottman@yahoo.com).

Instructor: **April Bottman-Haase** earned her USSF National "C" license in 2004 and has been coaching for 19 years throughout Washington and in New York City. Recently she coached at Highline Premiere Football Club.
