## PROGRAM NOTES

### Tutoring

If your student is participating in tutoring, remember that tutoring comes first.

### Enrollment

- Registration is now online. If you are unable to register online, there will be paper catalogs and registration forms available in the front office. Volunteers will input paper forms at the end of each registration day.
- Classes are filled on a first come, first served basis.
- You will receive confirmation—letter or email—that your child is enrolled in a class. **Please do not send your child to class without written confirmation of his/her enrollment.**
- If a class does not enroll sufficiently, it may be cancelled. You will be notified and your fees refunded.
- One volunteer is helpful for each class. Volunteers will help with signing students in and out of class, as well as helping instructors.
- **Correspondence regarding any/all matters for the enrichment class should be directly with the enrichment teacher.**
- **Parents are responsible to add to their calendar the dates of each enrichment class in which their student is registered.**

### Snack and Clothing

- Each child may bring a small, easy to eat snack on class days to be eaten in the hallway and not in classrooms.
- Please send your children with clothing appropriate for their classes. Athletic and dance classes require appropriate clothes and shoes. Art can be messy!

### Financial Aid

Our intent is that all students have the ability to participate in our Enrichment Program. ***Students who are eligible for the Free and Reduced Lunch program may enroll in an Enrichment class for \$20. We are limited to only one class request per qualifying student per session.*** Please contact us with any questions or concerns. The ability to grant aid is based on the amount of money voluntarily donated to the program and by the generosity of our vendors and instructors who offer scholarship positions in their classes. We reserve the right to grant or deny all requests for financial aid.

### Class Fee

Class fees are set by our vendors and this program does not generate any profits. Class registrations managed by the Fairmount Park Elementary Enrichment Program include a non-refundable \$20 fee for administrative and financial aid costs

### Pick Up

- After school, students are expected to transfer independently to an enrichment class. Teachers are given a class list at the beginning of each session, but they are not responsible for delivering students to their enrichment classes. If you think this may be a challenge for your child, please contact the coordinator and we will try to arrange a “buddy” to assist your child.
- **Parents are responsible for collecting their children promptly from classes.**
- **If prompt pick up becomes an issue, your student may be removed from the class without refund for remaining classes.**
- There will be no supervision for children after their class ends.
- Please make arrangements for pickup prior to enrolling your child in an after-school class.
- No bus transportation can be offered for enrichment program classes occurring before and after school.

### Behavior

At Fairmount Park Elementary, we have the expectation of respect for teachers/instructors and good behavior during classes.

Students are expected to maintain the same behavioral standards that they have during the formal school day. If an instructor identifies a behavior issue, the following steps will be taken:

- At the first incident, the instructor will contact parents/guardians regarding student behavior.
- The student will be given one trial class to improve.
- If the disruptive behavior continues, the instructor reserves the right to remove the student from the class without refund for remaining classes. Please discuss enrollment with your child to be sure they want to attend an after-school class.

# MONDAY

## Creative Computing 2 with Scratch

<b>Grades</b>	4-5 2:10 - 3:40 pm \$200.00	In Creative Computing 2, students design their own world and then bring it to life with Scratch, a visual drag and drop programming language developed at MIT. Through creating interactive scenes and original games, students learn the fundamentals of programming, including conditional statements, variables, and message handling. Instructors provide personalized instruction to engage students of all learning styles, provide challenges, and foster creativity as they progress at their own pace. No programming experience required!
<b>Provider</b>	Computing Kids	
<b>Class Dates</b>	4/17, 4/24, 5/1, 5/8, 5/15, 5/22, 6/5, 6/12	
<b>NO CLASS</b>	5/29	

## Hip Hop

<b>Grades</b>	K-2 2:10 - 3:40 pm \$122.00	During class participants will learn the foundational movements of boying/girling. Such movements include toprock, footwork, freezes, and introduction to power moves. A brief history will be given explaining how this street dance, originating in New York City in the early 70's, has grown and expanded around the world. Through gaining an understanding of musicality and body awareness, they will explore how to combine the fundamental elements into their own freestyle dance. We will use various exercises to build on existing basic elements of movement. Routines will also be taught to help them remember what they have learned. Participants will use their own creativity and develop confidence in self-expression.
<b>Provider</b>	Anna Nagy	
<b>Class Dates</b>	4/17, 4/24, 5/1, 5/8, 5/15, 5/22, 6/5, 6/12

### Golf

<b>Grades</b>	<b>K-5</b> <b>2:10 - 3:40 pm</b> <b>\$160.00</b>	TGA Premier Junior Golf brings the golf course back to Fairmount Park! Our national, award winning, 5 level program is specially designed for children and builds upon the educational concepts they are learning in the class room. Fun comes first in every TGA class, but our curriculum also focuses on instilling self-confidence and life values through professional golf instruction. Students learn the fundamentals, etiquette and rules of the game in the comfortable environment of your school campus with a low 10:1 student to professional instructor ratio. We have expanded our curriculum this year to include STEM lessons that bridge science with sport. Best of all, we provide all the equipment and training materials so children of all skill levels have the chance to come out and tee it up with TGA!
<b>Provider</b>	<b>TGA of Seattle</b>	
<b>Class Dates</b>	<b>4/20, 4/27, 5/4, 5/11, 5/18, 5/25, 6/1, 6/8</b>
